APEX ELECTRONICS

Business Profile & Policy Document • Delhi NCR

This document provides a comprehensive overview of Apex Electronics — our history, store network, product range, and all customer-facing and B2B policies. It serves as the definitive reference for anyone looking to understand how Apex operates, from return policies to credit terms.

1. WHO WE ARE

Apex Electronics was founded in 2011 by **Rajiv Shukla**, starting as a single counter in Lajpat Rai Market, Chandni Chowk — one of Asia's largest electronics wholesale markets. What began as a small fans-and-lights operation has grown into a 4-store electronics retail and distribution business across Delhi NCR.

Today, Apex employs **38 people** across all locations and carries **80–120 active SKUs** spanning televisions, ceiling fans, LED lighting, and home appliances. The revenue mix is approximately **60% retail walk-in** and **40% B2B credit sales** to dealers and contractors, with B2B running on 15–45 day credit terms.

Rajiv is known in the market for competitive pricing and reliable after-sales support. He personally handles all B2B negotiations and large-ticket retail sales. GSTIN: **07AABCS1234P1Z5**.

2. STORE NETWORK

Apex operates **4 stores across Delhi NCR**, each serving a different segment of the market:

Store	Location	Est.	Size	Focus	Hours
Chandni Chowk Flagship	Lajpat Rai Market	2011	2,400 sq ft	B2B + retail showroom	Mon–Sat, 10 AM – 8 PM

Karol Bagh Showroom	Gaffar Market	2016	1,200 sq ft	Retail — TVs & appliances	Mon–Sat, 11 AM – 8:30 PM
Dwarka Retail Outlet	Sector 6 Market	2019	800 sq ft	Residential — fans, lighting	All 7 days, 10 AM – 9 PM
Noida Distribution Hub	Sector 63	2022	3,000 sq ft	Warehouse + B2B fulfillment	Mon–Sat, 9 AM – 6 PM

Each store maintains its own inventory. Inter-store transfers happen daily via the Noida hub, which serves as the central warehouse. Rajiv visits all four stores weekly — Chandni Chowk daily, others on rotation.

3. BRANDS & PRODUCT RANGE

Televisions (30% of revenue) — Samsung, LG, TCL, Vu, OnePlus. Size range: 32" to 75". Price range: ₹12,000 to ₹1,80,000. Samsung and LG are the highest-margin brands; TCL and Vu are volume drivers.

Ceiling Fans (25% of revenue) — Crompton, Havells, Orient, Usha. Decorative, high-speed, and BLDC energy-efficient models. BLDC fans are growing fast — now 35% of fan sales vs 10% two years ago.

LED Lighting (20% of revenue) — Philips, Syska, Wipro, Havells. Bulbs, tubes, panels, and decorative fixtures. Highest-margin category at 45–55% gross margin and fastest inventory turnover.

Home Appliances (25% of revenue) — Mixer grinders (Preethi, Butterfly), irons (Philips, Bajaj), water purifiers (Kent, Livpure). Seasonal additions: room heaters in winter, air coolers in summer.

Total active SKUs: ~110. New products added monthly based on brand launches and market demand.

4. RETURN POLICY

Retail Customers

- **7-day replacement window** from date of purchase for manufacturing defects (with original bill and packaging).
- No returns on "sale" or clearance items.
- Opened/used products can only be exchanged for the same model, not refunded.
- Refunds are issued as **store credit**, not cash. Cash refunds only if the product is sealed and returned within 48 hours.
- TVs and large appliances: on-site inspection by Apex technician before replacement is approved.
- Returns accepted at any of the 4 stores, regardless of where the purchase was made.

B2B / Dealer Returns

- Defective units swapped **1:1 within 15 days**. Dealer must raise a return note on WhatsApp with photos.
- No returns accepted after 15 days — falls under brand warranty.
- Freight for return shipment borne by dealer unless it's a bulk defect (5+ units, same issue).

All returns must be accompanied by the original GST invoice.

5. CANCELLATION POLICY

Retail Orders

- Walk-in purchases are **final once billed**. No cancellations after billing.
- Pre-orders or custom orders can be cancelled within 24 hours with no penalty.
- After 24 hours: 10% restocking fee if goods haven't shipped. If shipped, treated as a return.

B2B / Dealer Orders

- Orders confirmed on WhatsApp/call can be modified or cancelled within **12 hours**.
- Once dispatched, cancellations are not accepted — treated as returns with freight deducted.
- Standing orders (monthly recurring) require **7 days advance notice** for cancellation or volume change.

Rajiv's principle: *"We'd rather adjust an order than lose a customer. But once it's on the truck, it's done."*

6. WARRANTY POLICY

General Guidelines

Apex Electronics does **not** provide its own warranty on any product. All warranty claims are routed through the original brand/manufacturer. Apex's role is to facilitate:

- At billing, staff register the product warranty on the brand's portal and hand the customer a warranty card or confirmation SMS.
- For defect reports within warranty, Apex's service desk logs the complaint, contacts the brand's service center, and shares invoice + serial number.
- Open warranty cases are tracked in a shared WhatsApp group with store managers. If a brand takes more than **7 days** to respond, Apex escalates to the brand's area sales manager.
- Customers can visit **any of the 4 stores** for warranty support — regardless of where the purchase was made.

Extended warranty is **not offered** by Apex. Some brands (Samsung, LG) offer their own extended plans at point of purchase — staff mention this at billing, but Apex does not charge for or manage extended warranties.

For B2B / Dealers: warranty claims are handled directly by the dealer with the brand. Apex provides original invoices and batch/serial details on request.

AC Warranty — Brand-Wise

Brand	Compressor	PCB / Control Board	Other Parts	Service Contact
LG	10 years	5 years	1 year	1800-315-9999
Samsung	10 years (Digital Inverter)	5 years	1 year	1800-40-7267864
Daikin	10 years	5 years	1 year	1800-209-7070
Voltas	5 years	–	1 year (condenser: 5 years)	1800-266-4555

Key notes:

- LG requires installation by an LG-authorized technician — third-party installation may void the warranty.
- Samsung requires online registration within **15 days** of purchase at samsung.com/in. Apex staff handle this at billing.
- Daikin provides **on-site service** for all warranty claims — no need to carry the unit.
- Voltas warranty is valid only if installation is done by a Voltas-authorized dealer. Apex coordinates this at delivery.
- Gas charging is free in the first year (all brands); paid after that.

Common AC exclusions (all brands): voltage fluctuation damage (stabilizer recommended), physical damage, water ingress, pest infestation in outdoor unit, gas leakage from improper installation/relocation, and consumables (remote batteries, air filters).

TV Warranty — Brand-Wise

Brand	Panel	Other Parts	On-Site Service	Service Contact
Samsung	1 year (LED), 2 years (QLED)	1 year	43" and above	1800-40-7267864
LG	1 year (LED), 2 years (NanoCell/OLED)	1 year	43" and above (within city limits)	1800-315-9999
TCL	3 years (all models)	1 year	Limited network; 3–5 day response	1800-209-0808

Common TV exclusions (all brands): wall-mount/fall damage, panel damage from external impact, surge/voltage damage. Apex recommends a voltage stabilizer for TVs above 43".

For TVs 43" and above, Apex coordinates on-site service directly with the brand. For smaller TVs, Apex's delivery team can pick up the unit and drop it at the service center (₹200 within Delhi NCR).

Other Categories

Category	Warranty Period	Brands	How Apex Helps

Ceiling Fans	2 years (motor)	Crompton, Havells, Orient	Keeps spare blades & capacitors for quick fixes
LED Lighting	1 year	Philips, Syska, Wipro	Handles in-store exchanges with bill
Appliances	1 year	Various	Provides toll-free number, escalates delays

7. CREDIT & PAYMENT TERMS

Retail

Cash, UPI, credit/debit card accepted at all 4 stores. No credit for walk-in customers. **EMI available** through Bajaj Finserv and ZestMoney for purchases above ₹5,000.

B2B Credit Terms

Dealer Tier	Criteria	Credit Period	Max Outstanding
New dealers	First 3 orders	Advance / COD only	—
Established	6+ months, consistent volume	30 days	₹2,00,000
Top-tier	2+ years, high volume	45 days	₹5,00,000 – ₹8,00,000

Interest on overdue: **1.5% per month** after a 7-day grace period. Payments accepted via NEFT/RTGS/cheque. Post-dated cheques accepted for 30 and 45-day terms.

Rajiv reviews the receivables ageing report weekly and personally follows up on overdue accounts above ₹50,000.

8. DELIVERY & LOGISTICS

Local Delivery (Delhi NCR)

- **Free delivery** within 15 km of any store for orders above ₹5,000.
- **Same-day delivery** for in-stock items ordered before 2 PM.
- Next-day delivery guaranteed for all other in-stock orders.
- Fleet: 2 Tata Ace mini-trucks and 1 Mahindra Bolero (Noida hub) + 1 Tata Ace (Chandni Chowk).

Outstation / B2B Shipments

- Shipped via Gati, Delhivery, or local transport operators.
- Freight charged at actuals — added to invoice or borne by dealer per agreement.
- Transit: 2–4 days within North India, 5–7 days for South/East India.
- Insurance mandatory on high-value shipments (above ₹1,00,000) — 0.5% of invoice value.

Installation

Available for TVs (₹500–₹1,500 depending on wall mount type). Fan and lighting installation not provided — Apex recommends trusted electricians.
